

CFP Castlefield Sustainable Portfolio Income Fund

FACTSHEET - 30 SEPTEMBER 2024

INVESTMENT AIM:

To provide income, with a minimum income return of 3% per annum, and also to provide capital growth over a period in excess of five years through a portfolio where more than 50% of the Fund is invested in collective investment schemes with exposure to both UK and non-UK equities and fixed income securities using the B.E.S.T proprietary investment approach. To embed proper consideration of environmental, social and governance (ESG) factors as part of the investment selection process, to ensure that each investment is responsible.

For more information about the fund's detailed investment objective and policy, please view the Key Investment Information Document available on the ConBrio website [fund literature page](#).

WHY INVEST?

We offer values-based investing from the perspective of being a values-based manager. This includes active engagement with holdings on performance as well as on environmental, social and governance issues. That's why we're known as 'the thoughtful investor'.

Tool of diversification: 'One stop shop' with access to diversified portfolio of multiple asset classes.

Fundamental Research: Identification of funds and companies that can demonstrate a genuine commitment to incorporating ESG factors into investment decision-making.

Integrated Investment Process: Consideration of non-financial ESG factors alongside traditional financial analysis within the selection of suitable investments and other mutual funds.

Focus on Thoughtful Investing: Predominantly investing in funds and companies that are well-aligned with our own approach to responsible investing.

ENDNOTES

1. Historic Yield reflects the historic dividend income paid from the fund in the preceding 12 months as at 30/09/2024. The yield is not guaranteed or representative of future yields.
2. The Ongoing Charge Figure ("OCF") has been calculated as of 30/04/2024.
3. IA Sector.
4. 'Unclassified' holdings satisfy our negative screening but the percentage of assets managed in ESG or responsible strategies is relatively low i.e. hotels, professional services consultancies.
5. **Scope 1 emissions:** Emissions generated directly by the company, e.g. emissions from boilers or vehicle fleet. **Scope 2 emissions:** Indirect emissions, eg. from purchased electricity that the company uses. **Scope 3 Emissions:** Indirect emissions from sources not owned or controlled by the emitter, but which are attributable to the emitter. For example emissions from the supply chain or from employee commuting.

Scope 1 and 2 figures are provided by an independent third party, Impact Cubed, and comprise of estimated and actual data.

At present we only publish Scope 1 and Scope 2 data on our carbon footprint. This is due to the high levels of estimated data that companies use to calculate their scope 3 data. We rely on a third-party provider to estimate the Scope 3 data for our fund and have found that the data varies considerably from year to year and from provider to provider. As such, we have taken the decision to publish only Scope 1 and Scope 2 figures, as the data set is much more reliable and consistent and because companies have a longer track record in accurately monitoring and reporting on this data.

6. **Benchmark used by Impact Cubed for the impact analysis:** Composite benchmark reflecting the asset classes and geographic exposure of the funds, ie UK and global equities, corporate bonds, UK real estate and developed markets infrastructure.
More information on the benchmarks used is available on request.
7. **Examples of environmental good:** renewable energy, waste and environmental management, public transportation services.
8. **Examples of social good:** telecoms, educational services, healthcare.
9. **Examples of environmental harm:** oil and gas exploration, plastic production, coal mining.
10. **Examples of social harm:** tobacco, gambling and casino.

11. **Impact Cubed:** The information in this document relating to the sustainability of portfolios or securities which is the property of Impact Cubed IC (the "Information", "Impact Cubed") has been obtained from, or is based on, sources believed by Impact Cubed to be reliable, but is not guaranteed as to its accuracy or completeness. RISK WARNINGS

The CFP Castlefield Sustainable Portfolio Income Fund invests in different asset classes in seeking to achieve its objective, this exposes investors to the below risks;

Credit risk: A decline in the financial health of an issuer could cause the value of its bonds to fall or become worthless.

Interest rate risk: A rise in interest rates generally causes bond prices to fall.

Liquidity risk: during difficult market conditions some securities, such as structured investments, corporate bonds and positions in emerging markets, may become more difficult to sell at a desired price.

Shares in all Funds should generally be regarded as long term investments. For more information regarding the risks associated with investing in a fund please see the Prospectus.
