Explanatory Notes – FATCA & CRS

The following explanatory notes are based on Tax Regulations as implemented in the UK. If you have any questions about your organisation's classification, please contact your tax adviser.

Definitions common to FATCA and CRS

1. Tax Regulations

The term "tax regulations" refers to regulations created to enable Automatic Exchange of Information (AEOI) and include Foreign Account Tax Compliance Act (FATCA), and the OECD Common Reporting Standard (CRS) for Automatic Exchange of Financial Account Information².

2. FATCA and CRS

- FATCA regulations in sections 1471 to 1474 of the U.S. Internal Revenue Code and the Treasury regulations and official guidance issued there under, as amended from time to time. FATCA regulations have been adopted in the UK by The International Tax Compliance Regulations 2015.
- CRS The OECD Common Reporting Standard (CRS) which has been adopted in the UK by The International Tax Compliance Regulations 2015.

3. Non-profit Organisation

An entity that meets ALL of the following criteria:

- (i) it is established and operated in its jurisdiction of residence exclusively for religious, charitable, scientific, artistic, cultural, athletic, or educational purposes; or it is established and operated in its jurisdiction of residence and it is a professional organisation, business league, chamber of commerce, labour organisation, agricultural or horticultural organisation, civic league or an organisation operated exclusively for the promotion of social welfare;
- (ii) it is exempt from income tax in its country of residence;
- (iii) it has no shareholders or members who have a proprietary or beneficial interest in its income or assets;
- (iv) the applicable laws of the entity's country of residence or the entity's formation documents

do not permit any income or assets of the entity to be distributed to, or applied for the benefit of, a private person or non-charitable entity other than pursuant to the conduct of the entity's charitable activities, or as payment of reasonable compensation for services rendered, or as payment representing the air market value of property which the entity has purchased; and

- (v) the applicable laws of the entity's country of residence or the entity's formation documents require that, upon the entity's liquidation or dissolution, all of its assets be distributed to a governmental entity or other non-profit organisation, or escheat to the government of the entity's country of residence or any political subdivision thereof.

4. Controlling Persons

The term "Controlling Persons" means the natural persons who exercise control over an Entity. In the case of a trust, such term means the settlor, the trustees, the protector (if any), the beneficiaries or class of beneficiaries, and any other natural person exercising ultimate effective control over the trust, and in the case of a legal arrangement other than a trust, such term means persons in equivalent or similar positions. The term "Controlling Persons" must be interpreted in a manner consistent with the Financial Action Task Force Recommendations.

"Control" over an Entity is generally exercised by the natural person(s) who ultimately has a controlling ownership interest in the Entity. A "control ownership interest" depends on the ownership structure of the legal person and is usually identified on the basis of a threshold applying a risk-based approach (e.g. any person(s) owning more than a certain percentage of the legal person, such as 25%). Where no natural person(s) exercises control through ownership interests, the Controlling Person(s) of the Entity will be the natural person(s) who exercises control of the Entity through other means. Where no natural person(s) is identified as exercising control of the Entity, the Controlling Person(s) of the Entity will be the natural person(s) who holds the position of senior managing official.

Initially established as a register of taxable trusts for HMRC, it is now used to register eligible trusts in line with changes to Money Laundering Regulations to improve the transparency of trust ownership.

Full details of trusts that need to be registered and associated timeframes can be found here <https://www.gov.uk/hmrc-internal-manuals/trust-registration-service-manual>

Why do I need to complete the form?

In order to comply with anti-money laundering regulations, we are required to gather and retain relevant information about the Trust’s beneficial owner(s) and TRS details. The Sanford DeLand Application Form aims to assist Trusts in providing relevant information for us to comply with anti-money laundering regulations and is updated periodically.
